## **YMCA Child Care Inclement Weather Procedure**

On rare occasion, YMCA Child Care programs will close due to severe weather conditions.

Our full-day Child Care and Before & After School programs will follow the same closure procedure as local school boards. When schools in a region close due to weather, our child care programs – both those inside and those outside schools – will also close.

Families will be notified through email, phone, or our Weemarkable app when their program has been cancelled. News of closures will also be shared through the [YMCA's website](#) and [Instagram account](#), as well as your Board of Education's website.

Please note that child care fee credits and refunds will not be processed for school closures due to inclement weather.
